

Indoor Lighting

Lamp Family

The GenLED PAR30 flood is an energy efficient alternative to halogen and incandescent lights, up to 5 times more efficient.

This LED PAR30 replacement lamp has superior light quality making it ideal for retail track lighting, showroom, hotel and general office lighting.

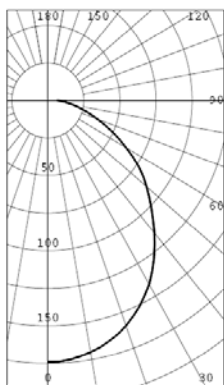

The commercial grade thermal design assures long useful life. Choice of color temperatures and beam angles provide flexibility in design and layout.

Category	Indoor Lighting
Sub Category	Lamps
Item Category	PAR
Product Identification	PAR30 Flood
Description	LED retrofit for PAR30 Lamps
Availability Date	Available

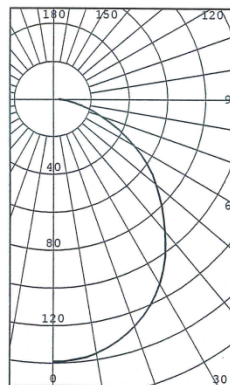

Luminous Flux	350 lm (Soft white) 450 lm (True white)
Beam Angle	120 °
Color(s)	Soft White True White
Corrected Color Temperature	3000K (Soft White) 5500K (True White)
Color Rendering Index CRI	75
Wattage	10W
Operating Voltage	24VDC
Line Voltage	90-230VAC
Dimmability	Non-dimmable
Width	3.75 inches (diameter)
Height	5.7 inches
Weight	13.05 ounces
Base Type	E26
Lens Type	Polycarbonate diffuser
Exterior Material	Metal
Exterior Color	Chrome
Operating Temperature	-40 to +60 C
Storage Temperature	-40 to +80 C
Certifications	RoHS, CE, ETL Listed
Warranty	3 years
