

Indoor Lighting

Cove Family

LED Cove lighting provides an excellent form of indirect lighting. Use it for ledges, recesses, or valences in a ceiling. ThinRayz may be used as primary lighting, or for aesthetic accent.

ThinRayz provide superb color and high efficiency, and works in tight spaces due to their slim design. The special designed enclosure assures ThinRayz stays cool and is protected from the elements. It also provides an easy way to install in straight applications.

ThinRayz achieve unmatched energy-efficiency and brightness by using GenLEDs TriDie LED technology. With its wide-beam angles, TriDie technology optimizes brightness and uniformity, blends light to reduce color variation and drastically reduces the amount of energy needed.

Category	Indoor Lighting
Sub Category	Linear
Item Category	Cove
Product Identification	ThinRayz
Description	ThinRayz Linear Lighting Series for cove lighting
Availability Date	Available

Luminous Flux	73 lm per foot (Sign White)
Beam Angle	120°
Color(s)	Soft White Neutral White Sign White Red Green Blue Amber
Corrected Color Temperature	3000K (Soft White) 4400K (Neutral White) 7200K (Sign White)
Color Rendering Index CRI	75
Wattage	1.9W per foot
Operating Current	.159mA per foot
Operating Voltage	12VDC
Length	2, 4 or 8 feet
Width	.1.45 inches
Height	.85 inch
Mounting Type	Enclosure – mechanical mounting
Operating Temperature	-40 to +85C
Environmental Ratings	UL recognized for wet, dry or damp locations
Certifications	UL, CE, RoHS
Rated Lifetime	50,000 hours
Warranty	3 years
