

Indoor Lighting

# Cove Family

LED Cove lighting provides an excellent form of indirect lighting. Use it for ledges, recesses, or valences in a ceiling. ThinRayz Xtra may be used as primary lighting, or for aesthetic accent.

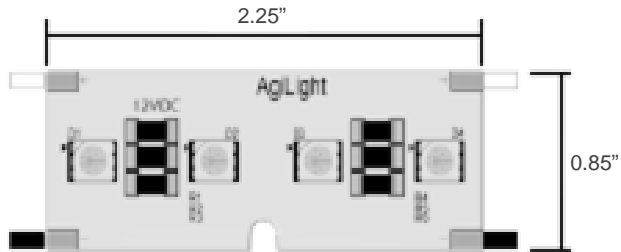

ThinRayz Extra provide superb color and high efficiency, and works in tight spaces due to their slim design. The special designed enclosure assures ThinRayz Xtra stays cool and is protected from the elements. It also provides an easy way to install in straight applications..

ThinRayz Xtra achieve unmatched energy-efficiency and brightness by using GenLEDs TriDie LED technology. With its wide-beam angles, TriDie technology optimizes brightness and uniformity, blends light to reduce color variation and drastically reduces the amount of energy needed.
