

Indoor Lighting

# Troffer Family

The GenLED 1X4 Troffer is an energy efficient alternative to fluorescent troffers. The GenLED troffer uses only 42 watts providing a 30-35% power savings over standard fluorescent troffers.

LED technology is flicker-free and creates more usable light to the human eye compared to other lighting technology. The superior light quality and color will create a more productive and pleasing work environment.

LEDs create less heat which reduces the use of air conditioning to cool the building providing additional energy savings.

<b>Category</b>	Indoor Lighting
<b>Sub Category</b>	Ceiling Fixtures
<b>Item Category</b>	Troffers
<b>Product Identification</b>	1ft X 4ft Troffer
<b>Description</b>	Energy efficient 1X4 troffer
<b>Availability Date</b>	Available

<b>Luminous Flux</b>	1743 lm (Neutral White)
<b>Color(s)</b>	Soft White Neutral White
<b>Corrected Color Temperature</b>	3000K (Soft White) 4400K (Neutral White)
<b>Wattage</b>	42W
<b>Operating Current</b>	2.5A
<b>Operating Voltage</b>	24VDC
<b>Line Voltage</b>	100-240VAC, 277 optional
<b>Dimmability</b>	Dimming optional
<b>Length</b>	1ft
<b>Width</b>	4ft
<b>Height</b>	3.75in
<b>Weight</b>	7lbs
<b>Mounting Type</b>	Surface mount
<b>Lens Type</b>	Opal prismatic is standard Other options available
<b>Exterior Material</b>	Steel
<b>Exterior Color</b>	White
<b>Exterior Finish</b>	Powder-coated
<b>Environmental Ratings</b>	Indoor use only
<b>Certifications</b>	RoHS, UL Listed
